SUBJECT: Lead Consultant Services

PROJECT: Caltrans 10-0X56Y4; state highway construction Route 99, Brigsmore Avenue at Route 99

To Whom It May Concern,

Thank you for your interest in Aurora Industrial Hygiene, Inc. (Aurora). Aurora is a small (SBE); women-owned (SWBE); disadvantaged (DBE); and disabled veteran owned business (SDVOSB). Based upon the information provided, it is my understanding you would like pricing for a Lead Compliance Plan as well as costs for lead monitoring and lead training (if requested). The following is a scope of work and quotation for services:

1. A Certified Industrial Hygienist will write a site-specific lead compliance plan for work involving the disturbance of earth material containing lead and/or cold planing of lead containing thermoplastic or painted striping.
2. Aurora can provide lead awareness training, if requested.
3. Daily rates for providing air monitoring/sampling for lead dust monitoring during striping removal and/or soil removal are provided as well.

Fee Schedule:

- | | |
|-------------------------|----------|
| 1) Lead Compliance Plan | \$750.00 |
|-------------------------|----------|

Other Services if Requested:

- | | |
|---|-----------------|
| 2.) Training – Lead Awareness (includes up to 4 hours total travel) | \$1500.00 |
| 3.) Training – Lead Awareness (within 20 miles of Aurora) | \$750.00 |
| 4.) Lead Air Monitoring (1 day only) | \$750.00 |
| 5.) Laboratory | |
| a. Lead in Air (AA) (24 hr TAT) | \$28.00/sample |
| b. Lead in Air (GF) (24 hr TAT) | \$120.00/sample |
| 6.) Documentation | \$390.00 |
| Per Diem/Travel/Mileage/Hotel at per government rates | |
| Travel Time | \$60/hr |

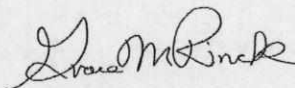

Conditions:

- a. Training price is for a single -training session including up to 20 students. Additional students are billed at \$25.00 per student.
- b. Training may only be recorded with notice to Aurora and written permission. Additional fees may apply if training is recorded.
- c. Aurora is not responsible for laboratory delays.
- d. Additional costs for other services, including laboratory analysis which may be requested will be billed at cost +20%.
- e. Shift rates are for standard, 8-hr weekday shifts. Overtime rates of 150% will be applied for weekend, holiday, and time after 8 hours/shift.
- f. Invoices are payable within 30 days of receipt. Invoices paid after 30 days are subject to a finance charge computed at a monthly rate of 1.5% (annual percentage rate of 18%). Client is responsible for legal and collection costs if necessary to collect past due amount(s).
- g. A 3% surcharge will be added for all credit card transactions.

All costs are based on Aurora maintaining \$2,000,000 in liability insurance, with no special endorsements. If required, the following policy endorsements can be provided at no additional cost: Additional Insured, Waiver of Subrogation, Primary and Non-Contributing and 30 days' notice. Other requirements may result in additional fees.

If this proposal is satisfactory, please sign and email to my attention at grinck@auroraih.com.

Sincerely,

Grace M. Rinck, CIH

RE: Proposal for WPCP Services for Caltrans 10-0X56Y4, bidding 10/11/18

Dear Prime Contractor,

Thank you for the opportunity to provide a proposal for this project. We provide civil engineering and stormwater management services.

Scope of Work:

- A. Prepare Water Pollution Control Program (WPCP)
 - I. Prepare a Water Pollution Control Program (WPCP). The document will be prepared in accordance with Caltrans requirements. Water Pollution Control Drawings will be included.
 - II. Exclusions: Installation and implementation of water pollution practices, providing a WPC Manager, conducting training, and monitoring, inspection and correcting water pollution control practices are excluded. A WPC Manager, training, monitoring and inspection are available as an additional service upon request.
- B. Provide Weekly Stormwater Inspection and Water Pollution Control Manager, for weekly inspection
 - I. Provide Water Pollution Control Manager (WPC Manager) with appropriate Qualified SWPPP Practitioner (QSP) certification.
 - II. Provide inspection 1 day per week of stormwater Best Management Practices (BMP's) and oversee BMP implementation; inspections will be done or overseen by a QSP.
 - III. Provide quarterly non-stormwater monitoring inspection.
 - IV. Check NOAA weather forecast daily.
 - V. Provide stormwater inspection reports once a week.
 - VI. Prepare WPCP Amendments as needed.
 - VII. Provide initial SWPPP training to contractor's staff and subcontractors at beginning of job.
 - VIII. Exclusions; Does not include any onsite sampling or lab testing if there is an event that triggers non-stormwater, non-visible pollutant or other testing. Assumes contractor's staff can provide the daily, pre-storm, during storm and post-storm visual BMP rain event inspection to reduce costs unless otherwise contracted for (See Item C below for rain event inspection).
- C. Provide Stormwater Inspector for Pre-Storm, During Storm or Post Storm Inspection
 - I. Provide Pre-storm inspection; before a forecasted storm event which is defined as one with a 50% chance or more of occurrence.
 - II. Provide During storm inspection. This is required every 24 hours during extended storm events. A storm event is defined as one that produces or is forecasted to produce at least 0.10 inch of rain within a 24 hour period (per Caltrans definition).
 - III. Provide Post storm inspection; after a qualifying rain event. A qualifying rain event is one that produces 1/2" or more of rain with a 48 hour or greater period between rain events.
 - IV. Inspections will be done or overseen by a QSP.

Fee:

The services noted below will be prepared for a Fixed Fee of the following, with fees billed monthly based upon percent completion:

- | | |
|---|-----------------|
| A. Prepare WPCP (Part of Bid Item 6) | \$ 690 |
| B. Provide Weekly Stormwater Inspection and Water Pollution Control Manager | \$ 325 per week |
|
\$325/week x 24 weeks = \$7,800 (Part of Bid Item 6) | |

NOTICE TO OWNER

Under the California Mechanics' Lien Law, any contractor, subcontractor, laborer, supplier or other person or entity who helps to improve your property, but is not paid for his or her work or supplies, has a right to place a lien on your home, land, or property where the work was performed and to sue you in court to obtain payment. This means that after a court hearing, your home, land and property could be sold by a court officer and the proceeds of the sale used to satisfy what you owe. This can happen even if you have paid your contractor in full if the contractor's subcontractors, laborers or suppliers remain unpaid.

To preserve their rights to file a claim or lien against your property, certain claimants such as subcontractors or materials suppliers are each required to provide you with a document called a "Preliminary Notice." Contractors and laborers who contract with owners directly do not have to provide such notice since you are aware of their existence as an owner. A preliminary notice is not a lien against your property if you are not paid. Its purpose is to notify you of persons or entities that may have a right to file a lien against your property if they are not paid. In order to protect their lien rights, a contractor, subcontractor, supplier or laborer must file a mechanics' lien with the county recorder which then becomes a recorded lien against your property. Generally, the maximum time allowed for filing a mechanics' lien against your property is 90 days after substantial completion of your project.

1. List items of work the Bidder made available to DBE firms. Identify items of work the Bidder might otherwise perform with its own forces, items that have been broken down into economically feasible units to facilitate DBE participation, and items for which the Bidder has established flexible time frames for performance and delivery schedules in a manner that encourages and facilitates DBE participation. For each item listed, show the dollar value and percentage of the total contract. The Bidder must demonstrate that sufficient work to meet the goal was made available to DBE firms.

[illegible]

2. List the names of certified DBEs and all the dates on which they were solicited to bid on this project. Include the items of work offered and the dates and methods used for following up initial and follow-up solicitations to determine with certainty whether the DBEs were interested. Attach copies of solicitations, e-mail messages, telephone records, fax confirmations, etc.

SUBJECT: Lead Consultant Services

PROJECT: Caltrans 10-0X56Y4; state highway construction Route 99, Briggsmore Avenue at Route 99

To Whom It May Concern,

Thank you for your interest in Aurora Industrial Hygiene, Inc. (Aurora). Aurora is a small (SBE); women-owned (SWBE); disadvantaged (DBE); and disabled veteran owned business (SDVOSB). Based upon the information provided, it is my understanding you would like pricing for a Lead Compliance Plan as well as costs for lead monitoring and lead training (if requested). The following is a scope of work and quotation for services:

1. A Certified Industrial Hygienist will write a site-specific lead compliance plan for work involving the disturbance of earth material containing lead and/or cold planing of lead containing thermoplastic or painted striping.
2. Aurora can provide lead awareness training, if requested.
3. Daily rates for providing air monitoring/sampling for lead dust monitoring during striping removal and/or soil removal are provided as well.

Fee Schedule:

1) Lead Compliance Plan	\$750.00
-------------------------	----------

Other Services if Requested:

2.) Training – Lead Awareness (includes up to 4 hours total travel)	\$1500.00
3.) Training – Lead Awareness (within 20 miles of Aurora)	\$750.00
4.) Lead Air Monitoring (1 day only)	\$750.00
5.) Laboratory	
a. Lead in Air (AA) (24 hr TAT)	\$28.00/sample
b. Lead in Air (GF) (24 hr TAT)	\$120.00/sample
6.) Documentation	\$390.00
Per Diem/Travel/Mileage/Hotel at per government rates	
Travel Time	\$60/hr

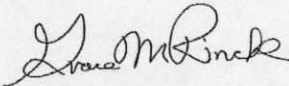

Conditions:

- a. Training price is for a single -training session including up to 20 students. Additional students are billed at \$25.00 per student.
- b. Training may only be recorded with notice to Aurora and written permission. Additional fees may apply if training is recorded.
- c. Aurora is not responsible for laboratory delays.
- d. Additional costs for other services, including laboratory analysis which may be requested will be billed at cost +20%.
- e. Shift rates are for standard, 8-hr weekday shifts. Overtime rates of 150% will be applied for weekend, holiday, and time after 8 hours/shift.
- f. Invoices are payable within 30 days of receipt. Invoices paid after 30 days are subject to a finance charge computed at a monthly rate of 1.5% (annual percentage rate of 18%). Client is responsible for legal and collection costs if necessary to collect past due amount(s).
- g. A 3% surcharge will be added for all credit card transactions.

All costs are based on Aurora maintaining \$2,000,000 in liability insurance, with no special endorsements. If required, the following policy endorsements can be provided at no additional cost: Additional Insured, Waiver of Subrogation, Primary and Non-Contributing and 30 days' notice. Other requirements may result in additional fees.

If this proposal is satisfactory, please sign and email to my attention at grinck@auroraih.com.

Sincerely,

Grace M. Rinck, CIH

RE: Proposal for WPCP Services for Caltrans 10-0X56Y4, bidding 10/11/18

Dear Prime Contractor,

Thank you for the opportunity to provide a proposal for this project. We provide civil engineering and stormwater management services.

Scope of Work:

- A. Prepare Water Pollution Control Program (WPCP)
 - I. Prepare a Water Pollution Control Program (WPCP). The document will be prepared in accordance with Caltrans requirements. Water Pollution Control Drawings will be included.
 - II. Exclusions: Installation and implementation of water pollution practices, providing a WPC Manager, conducting training, and monitoring, inspection and correcting water pollution control practices are excluded. A WPC Manager, training, monitoring and inspection are available as an additional service upon request.
- B. Provide Weekly Stormwater Inspection and Water Pollution Control Manager, for weekly inspection
 - I. Provide Water Pollution Control Manager (WPC Manager) with appropriate Qualified SWPPP Practitioner (QSP) certification.
 - II. Provide inspection 1 day per week of stormwater Best Management Practices (BMP's) and oversee BMP implementation; inspections will be done or overseen by a QSP.
 - III. Provide quarterly non-stormwater monitoring inspection.
 - IV. Check NOAA weather forecast daily.
 - V. Provide stormwater inspection reports once a week.
 - VI. Prepare WPCP Amendments as needed.
 - VII. Provide initial SWPPP training to contractor's staff and subcontractors at beginning of job.
 - VIII. Exclusions; Does not include any onsite sampling or lab testing if there is an event that triggers non-stormwater, non-visible pollutant or other testing. Assumes contractor's staff can provide the daily, pre-storm, during storm and post-storm visual BMP rain event inspection to reduce costs unless otherwise contracted for (See Item C below for rain event inspection).
- C. Provide Stormwater Inspector for Pre-Storm, During Storm or Post Storm Inspection
 - I. Provide Pre-storm inspection; before a forecasted storm event which is defined as one with a 50% chance or more of occurrence.
 - II. Provide During storm inspection. This is required every 24 hours during extended storm events. A storm event is defined as one that produces or is forecasted to produce at least 0.10 inch of rain within a 24 hour period (per Caltrans definition).
 - III. Provide Post storm inspection; after a qualifying rain event. A qualifying rain event is one that produces 1/2" or more of rain with a 48 hour or greater period between rain events.
 - IV. Inspections will be done or overseen by a QSP.

Fee:

The services noted below will be prepared for a Fixed Fee of the following, with fees billed monthly based upon percent completion:

A. Prepare WPCP (Part of Bid Item 6)	\$ 690

NOTICE TO OWNER

Under the California Mechanics' Lien Law, any contractor, subcontractor, laborer, supplier or other person or entity who helps to improve your property, but is not paid for his or her work or supplies, has a right to place a lien on your home, land, or property where the work was performed and to sue you in court to obtain payment. This means that after a court hearing, your home, land and property could be sold by a court officer and the proceeds of the sale used to satisfy what you owe. This can happen even if you have paid your contractor in full if the contractor's subcontractors, laborers or suppliers remain unpaid.

To preserve their rights to file a claim or lien against your property, certain claimants such as subcontractors or materials suppliers are each required to provide you with a document called a "Preliminary Notice." Contractors and laborers who contract with owners directly do not have to provide such notice since you are aware of their existence as an owner. A preliminary notice is not a lien against your property if you are not paid. Its purpose is to notify you of persons or entities that may have a right to file a lien against your property if they are not paid. In order to protect their lien rights, a contractor, subcontractor, supplier or laborer must file a mechanics' lien with the county recorder which then becomes a recorded lien against your property. Generally, the maximum time allowed for filing a mechanics' lien against your property is 90 days after substantial completion of your project.
